Material Safety Data Sheet Product Name: Cardamom Co2 Extract

Product Name: Cardamom Co2 Extract CASH: 8000-66-6 Botanical Name: Elettaria cardamomum Chemical Formula: Not available Section 2: Composition and Information on Ingredients Composition: Cardamom Co2 Extract Percentage by Weight: 100% Section 3: Hazards Identification Potential Acute Health Effects: Non hazardous in case of skin contact, irritant in case of eye contact (irritant) of ingestion, of inhalation. Potential Acute Health Effects: Non hazardous in case of skin contact, irritant in case of eye contact (irritant) of ingestion, of inhalation. Potential Acute Health Effects: Non hazardous in case of skin contact, irritant in case of eye contact (irritant) of ingestion, of inhalation. Potential Acute Health Effects: Non Available. CARCINOGENIC EFFECTS: Not available. Section 4: Hazards Identification Eye Contact: In case of contact, immediately flush eyes with plenty of water for at least 15 minutes. Set medical attention if needed. Skin Contact: Wash with soap and water. Cover the irritated skin with an emollient. Get medical attention if irritation develops. Cold water may be us inhalation: If inhaled, remove to fresh air. Get medical attention if any symptoms appear. Ingestion: Do NOT induce vomiting. Never give anything by mouth to an unconscious person. Get medical attention if symptoms appear. Flash Points: CLOSED CUP: 85°C Fire Hazards: Flammable in presence of open flames and sparks, of heat. Non-flammable in presence of shocks. FIRE: Use DRY chemical powder / Sand. LARGE FIRE: Use foam, Water spray or Fog. Flammablity of the Product: Not Flammable Section 6: Accidental Release Measures Spill: Dilute with Washing Soap & Water and Regular mop up, or absorb with an inert dry material and place in an appropriate Waste Disposal Contain Section 8: Exposure Controls/Personal Protection Engineering Controls: Provide exhaust ventilation or other engineering controls to keep the airborne concentrations of vapors below their respective threshold limit value. Ensure that eyewash stations and safety	Costinus 1. Chamical Duadret and Common Identification		
CASH: 8000-66-6 Botanical Name: Elettaria cardamomum Chemical Formular: Not available Section 2: Composition and Information on Ingredients: Composition: Cardamom Co2 Extract Percentage by Weight: 100% Section 3: Hazards Identification Potential Acute Health Effects: Non hazardous in case of skin contact, irritant in case of eye contact (irritant) of ingestion, of inhalation. Potential Acute Health Effects: Non hazardous in case of skin contact, irritant in case of eye contact (irritant) of ingestion, of inhalation. Potential Acute Health Effects: Not Available. CARCINOGENIC EFFECTS: Not available. Section 4: Hazards Identification Eye Contact: In case of contact, immediately flush eyes with plenty of water for at least 15 minutes. Get medical attention if needed. Skin Contact: Wash with soap and water. Cover the irritated skin with an emollient. Get medical attention if irritation develops: Cold water may be us inhalation: if inhalate, remove to fresh air. Get medical attention if any symptoms appear. Ingestion: Do NOT induce vomiting. Never give anything by mouth to an unconscious person. Get medical attention if symptoms appear. Flash Points: CLOSED CUP: 85°C Fire Hazards: Flammable in presence of open flames and sparks, of heat. Non- flammable in presence of shocks. FIRE: Use DRY chemical powder / Sand. LARGE FIRE: Use foam, Water spray or Fog. Flammability of the Product: Not Flammable Section 6: Accidental Release Measures Spill: Dilute with Washing Soap & Water and Regular mop up, or absorb with an inert dry material and place in an appropriate Waste Disposal Contain Section 7: Handling and Storage Precautions: Keep away from Heat & from sources of lignition. Ground all equipment containing material. Do not ingest. Keep Away From Eyes. Storage: Store in a segregated and approved area. Keep container in a cool, well-ventilated area. Away from heat & spark Keep tightly closed container in a cool, well-ventilated area. Away from heat & spark Keep tightly closed container. Personal Protection: Sp	Section 1: Chemical Product and Company Identification		
Section 2: Composition: Cardamom Co2 Extract Composition: Cardamom Co2 Extract Percentage by Weight: 100% Section 3: Hazards Identification Potential Acute Health Effects: Non hazardous in case of skin contact, irritant in case of eye contact (irritant) of ingestion, of inhalation. Potential Acute Health Effects: Non hazardous in case of skin contact, irritant in case of eye contact (irritant) of ingestion, of inhalation. Potential Acute Health Effects: Non Available. [CARCINOGENIC EFFECTS: Not available.] Section 4: Hazards Identification Eye Contact: In case of contact, immediately flush eyes with plenty of water for at least 15 minutes. Get medical attention if needed. Skin Contact: Wash with soap and water. Cover the irritated skin with an emollient. Get medical attention if irritation develops. Cold water may be us inhalation: if inhaled, remove to fresh air. Get medical attention if any symptoms appear. Ingestion: Do NOT induce vomiting. Never give anything by mouth to an unconscious person. Get medical attention if symptoms appear. Section 5: Fire and Explosion Data Fire Hazards: Flammable in presence of open flames and sparks, of heat. Non-flammable in presence of shocks. Fire: Use DRY chemical powder / Sand. LARGE Fire: Use foam, Water spray or Fog. Flammability of the Product: Not Flammable Section 6: Accidental Release Measures Spill: Dilute with Washing Soap & Water and Regular mop up, or absorb with an inert dry material and place in an appropriate Waste Disposal Contain Section 7: Handling and Storage Precautions: Keep away from Heat & from sources of ignition. Ground all equipment containing material. Do not ingest. Keep Away From Eyes. Storage: Store in a segregated and approved area. Keep container in a cool, well-ventilated area. Away from heat & spark Keep tightly closed contains Section 8: Response Controls / Personal Protection Engineering Controls: Provide exhaust ventilation or or other engineering controls to the work-station location. Personal Protection: Splash goggl	• •		
Section 2: Composition and Information on Ingredients Composition: Cardamom Co2 Extract Percentage by Weight: 100% Section 3:Hazards Identification Potential Acute Health Effects: Non hazardous in case of skin contact, irritant in case of eye contact (irritant) of ingestion, of inhalation. Potential Acute Health Effects: Non hazardous in case of skin contact, irritant in case of eye contact (irritant) of ingestion, of inhalation. Potential Chronic Health Effects: Not Available. CARCINOGENIC EFFECTS: Not available. Section 4: Hazards Identification Eye Contact: In case of contact, immediately flush eyes with plenty of water for at least 15 minutes. Get medical attention if needed. Skin Contact: Wash with soap and water. Cover the irritated skin with an emollient. Get medical attention if irritation develops. Cold water may be us inhalation: if inhalation: if inhaled, remove to fresh air. Get medical attention if any symptoms appear. Ingestion: Do NOT induce vomiting. Never give anything by mouth to an unconscious person. Get medical attention if symptoms appear. Section 5: Fire and Explosion Data Flash Points: CLOSED CUP: 85°C Fire Hazards: Flammable in presence of open flames and sparks, of heat. Non-flammable in presence of shocks. FIRE: Use DRY chemical powder / Sand. LARGE FIRE: Use foam, Water spray or Fog. Flammability of the Product: Not Flammable Section 5: Handling and Storage Section 6: Accidental Release Measures Spill: Dilute with Washing Soap & Water and Regular mop up, or absorb with an inert dry material and place in an appropriate Waste Disposal Contain Section 7: Handling and Storage Precautions: Keep away from Heat & from sources of ignition. Ground all equipment containing material. Do not ingest. Keep Away From Eyes. Storage: Store in a segregated and approved area. Keep container in a cool, well-ventilated area. Away from heat & spark Keep tightly closed contains Section 9: Physical and Chemical Properties Section 9: Physical and Chemical Properties Physical state and app			
Composition: Cardamom Co2 Extract Percentage by Weight: 100% Section 3:Hazards Identification Potential Acute Health Effects: Non hazardous in case of skin contact, irritant in case of eye contact (irritant) of ingestion, of inhalation. Potential Chronic Health Effects: Not Available. CARCINOGENIC EFFECTS: Not available. Section 4: Hazards Identification Eye Contact: In case of contact, immediately flush eyes with plenty of water for at least 15 minutes. Get medical attention if needed. Skin Contact: Wash with soap and water. Cover the irritated skin with an emollient. Get medical attention if irritation develops. Cold water may be us Inhalation: If inhaled, remove to fresh air. Get medical attention if any symptoms appear. Ingestion: Do NOT induce vomiting. Never give anything by mouth to an unconscious person. Get medical attention if symptoms appear. Section 5: Fire and Explosion Data Flash Points: CLOSED CUP: 85°C Fire Hazards: Flammable in presence of open flames and sparks, of heat. Non-flammable in presence of shocks. FiRE: Use DRY chemical powder / Sand. LARGE FIRE: Use foam, Water spray or Fog. Flammability of the Product: Not Flammable Section 6: Accidental Release Measures Spilli: Dilute with Washing Soap & Water and Regular mop up, or absorb with an inert dry material and place in an appropriate Waste Disposal Contain Section 7: Handling and Storage Precautions: Keep away from Heat & from sources of ignition. Ground all equipment containing material. Do not ingest. Keep Away From Eyes. Storage: Store in a segregated and approved area. Keep container in a cool, well-ventilated area. Away from heat & spark Keep tightly closed contains. Section 19: Handling and Storage Precautions: Rep away from Heat & from sources of ignition or other engineering controls to keep the airborne concentrations of vapors below their respective threshold limit value. Ensure that eyewash stations and safety showers are proximal to the work-station location. Personal Protection: Splash goggles. Lab coat. V	<u> </u>	3587	
Percentage by Weight: 100% Section 3:Hazards Identification Potential Acute Health Effects: Non hazardous in case of skin contact, irritant in case of eye contact (irritant) of ingestion, of inhalation. Potential Chronic Health Effects: Not Available. CARCINGGENIC EFFECTS: Not available. Section 4: Hazards Identification Eye Contact: In case of contact, immediately flush eyes with plenty of water for at least 15 minutes. Get medical attention if needed. Skin Contact: Wash with soap and water. Cover the intriated skin with an emollient. Get medical attention if irritation develops. Cold water may be us Inhalation: If inhaled, remove to fresh air. Get medical attention if any symptoms appear. Ingestion: Do NOT induce vomiting. Never give anything by mouth to an unconscious person. Get medical attention if symptoms appear. Flash Points: CLOSED CUP: 85°C Fire Hazards: Flammable in presence of open flames and sparks, of heat. Non-flammable in presence of shocks. FIRE: Use DRY chemical powder / Sand. LARGE FIRE: Use foam, Water spray or Fog. Flammability of the Product: Not Flammable Section 6: Accidental Release Measures Spill: Dilute with Washing Soap & Water and Regular mop up, or absorb with an inert dry material and place in an appropriate Waste Disposal Contain Section 7: Handling and Storage Precautions: Keep away from Heat & from sources of ignition. Ground all equipment containing material. Do not ingest. Keep Away From Eyes. Storage: Store in a segregated and approved area. Keep container in a cool, well-vertilated area. Away from heat & spark Keep tightly closed containe Section 8: Exposure Controls/Personal Protection Engineering Controls: Provide exhaust ventilation or other engineering controls to keep the airborne concentrations of vapors below their respective threshold limit value: Ensure that eyewash stations and safety showers are proximal to the work-station location. Personal Protection: Splash goggles. Lab coat. Vapor respirator. Be sure to use an approprea/Certified respirator			
Section 3:Hazards Identification Potential Acute Health Effects : Non hazardous in case of skin contact, irritant in case of eye contact (irritant) of ingestion, of inhalation. Potential Chronic Health Effects: Not available. Section 4: Hazards Identification Eye Contact: In case of contact, immediately flush eyes with plenty of water for at least 15 minutes. Get medical attention if needed. Skin Contact: Wash with soap and water. Cover the irritated skin with an emollient. Get medical attention if irritation develops. Cold water may be us Inhalation: If inhaled, remove to fresh air. Get medical attention if any symptoms appear. Ingestion: Do NOT induce vomiting. Never give anything by mouth to an unconscious person. Get medical attention if symptoms appear. Section 5: Fire and Explosion Data Flash Points: CLOSED CUP: 85°C Fire Hazards: Flammable in presence of open flames and sparks, of heat. Non-flammable in presence of shocks. FIRE: Use DRY chemical powder / Sand. LARGE FIRE: Use foam, Water spray or Fog. Flammability of the Product: Not Flammable Section 6: Accidental Release Measures Spill: Dilute with Washing Soap & Water and Regular mop up, or absorb with an inert dry material and place in an appropriate Waste Disposal Contain Section 7: Handling and Storage Precautions: Keep away from Heat & from sources of ignition. Ground all equipment containing material. Do not ingest. Keep Away From Eyes. Storage: Store in a segregated and approved area. Keep container in a cool, well-ventilated area. Away from heat & spark Keep tightly closed contains Section 8: Exposure Controls/Personal Protection Engineering Controls: Provide exhaust ventilation or other engineering controls to keep the airborne concentrations of vapors below their respective threshold limit value. Ensure that eyewash stations and safety showers are proximan to the work-station location. Personal Protection: Splash goggles. Lab coat. Vapor respirator. Be sure to use an approved/certified respirator or equivalent gloves. Section			
Potential Acute Health Effects: Non hazardous in case of skin contact, irritant in case of eye contact (irritant) of ingestion, of inhalation. Potential Chronic Health Effects: Not Available. CARCINOGENIC EFFECTS: Not available. Section 4: Hazards Identification Eye Contact: In case of contact, immediately flush eyes with plenty of water for at least 15 minutes. Get medical attention if needed. Skin Contact: Wash with soap and water. Cover the irritated skin with an emollient. Get medical attention if irritation develops. Cold water may be us Inhalation: if inhaled, remove to fresh air. Get medical attention if any symptoms appear. Ingestion: Do NOT induce vomiting. Never give anything by mouth to an unconscious person. Get medical attention if symptoms appear. Section 5: Fire and Explosion Data Flash Points: CLOSED CUP: 85°C Fire Hazards: Flammable in presence of open flames and sparks, of heat. Non-flammable in presence of shocks. FIRE: Use DRY chemical powder / Sand. LARGE FIRE: Use foam, Water spray or Fog. Flammablity of the Product: Not Flammable Section 6: Accidental Release Measures Spill: Dilute with Washing Soap & Water and Regular mop up, or absorb with an inert dry material and place in an appropriate Waste Disposal Contain Section 7: Handling and Storage Precautions: Keep away from Heat & from sources of ignition. Ground all equipment containing material. Do not ingest. Keep Away From Eyes. Storage: Store in a segregated and approved area. Keep container in a cool, well-ventilated area. Away from heat & spark Keep tightly closed contains. Section 8: Exposure Controls/Personal Protection Engineering Controls: Provide exhaust ventilation or other engineering controls to keep the airborne concentrations of vapors below their respective threshold limit value. Ensure that eyewash stations and safety showers are proximal to the work-station location. Personal Protection: Splash goggles. Lab coat. Vapor respirator. Be sure to use an approved/certified respirator or equivalent gloves. Sect	7		
Potential Chronic Health Effects: Not Available. CARCINOGENIC EFFECTS: Not available. Section 4: Hazards Identification Eye Contact: In case of contact, immediately flush eyes with plenty of water for at least 15 minutes. Get medical attention if fneeded. Skin Contact: Wash with soap and water. Cover the irritated skin with an emollient. Get medical attention if irritation develops. Cold water may be us Inhalation: If inhaled, remove to fresh air. Get medical attention if any symptoms appear. Ingestion: Do NOT induce vomiting. Never give anything by mouth to an unconscious person. Get medical attention if symptoms appear. Section 5: Fire and Explosion Data Flash Points: CLOSED CUP: 85°C Fire Hazards: Flammable in presence of open flames and sparks, of heat. Non-flammable in presence of shocks. Fire: Use DRY chemical powder / Sand. LARGE FIRE: Use foam, Water spray or Fog. Flammability of the Product: Not Flammable Section 6: Accidental Release Measures Spill: Dilute with Washing Soap & Water and Regular mop up, or absorb with an inert dry material and place in an appropriate Waste Disposal Contain Section 7: Handling and Storage Precautions: Keep away from Heat & from sources of ignition. Ground all equipment containing material. Do not ingest. Keep Away From Eyes. Storage: Store in a segregated and approved area. Keep container in a cool, well-ventilated area. Away from heat & spark Keep tightly closed contains Section 8: Exposure Controls/Personal Protection Engineering Controls: Provide exhaust ventilation or other engineering controls to keep the airborne concentrations of vapors below their respective threshold limit value. Ensure that eyewash stations and safety showers are proximal to the work-station location. Personal Protection: Splash goggles. Lab coat. Vapor respirator. Be sure to use an approved/certified respirator or equivalent gloves. Section 10: Stability and Reactivity Data Stability: The product is Stable. Corrosivity: Non-corrosive in presence	Section 3:Hazards Identification		
Section 4: Hazards Identification Eye Contact: In case of contact, immediately flush eyes with plenty of water for at least 15 minutes. Get medical attention if needed. Skin Contact: Wash with soap and water. Cover the irritated skin with an emollient. Get medical attention if irritation develops. Cold water may be us Inhalation: If inhaled, remove to fresh air. Get medical attention if any symptoms appear. Ingestion: Do NOT induce vomitting. Never give anything by mouth to an unconscious person. Get medical attention if symptoms appear. Section 5: Fire and Explosion Data Flash Points: CLOSED CUP: 85°C Fire Hazards: Flammable in presence of open flames and sparks, of heat. Non-flammable in presence of shocks. FIRE: Use DRY chemical powder / Sand. LARGE FIRE: Use foam, Water spray or fog. Flammability of the Product: Not Flammable Section 6: Accidental Release Measures Spill: Dilute with Washing Soap & Water and Regular mop up, or absorb with an inert dry material and place in an appropriate Waste Disposal Contain Section 7: Handling and Storage Precautions: Keep away from Heat & from sources of ignition. Ground all equipment containing material. Do not ingest. Keep Away From Eyes. Storage: Store in a segregated and approved area. Keep container in a cool, well-ventilated area. Away from heat & spark Keep lightly closed containe Section 8: Exposure Controls/Personal Protection Engineering Controls: Provide exhaust ventilation or other engineering controls to keep the airborne concentrations of vapors below their respective threshold limit value. Ensure that eyewash stations and safety showers are proximal to the work-station location. Personal Protection: Splash goggles. Lab coat. Vapor respirator. Be sure to use an approved/certified respirator or equivalent gloves. Section 10: Stability and Reactivity Data Section 10: Stability and Reactivity Data Section 11: Toxicological Information Section 11: Toxicological Information Routes of Entry: Ingestion. Toxicity to Animals: LD50: Not available.	te Health Effects: Non hazardous in case of skin contact, irritant in case of eye contact (irritant) of ingestion, of inhalation.		
Eye Contact: In case of contact, immediately flush eyes with plenty of water for at least 15 minutes. Get medical attention if needed. Skin Contact: Wash with soap and water. Cover the irritated skin with an emollient. Get medical attention if irritation develops. Cold water may be us Inhalation: If inhaled, remove to fresh air. Get medical attention if any symptoms appear. Ingestion: Do NOT induce vomiting. Never give anything by mouth to an unconscious person. Get medical attention if symptoms appear. Section 5: Fire and Explosion Data Flash Points: CLOSED CUP: 85°C Fire Hazards: Flammable in presence of open flames and sparks, of heat. Non-flammable in presence of shocks. FIRE: Use DRY chemical powder / Sand. LARGE FIRE: Use foam, Water spray or Fog. Flammability of the Product: Not Flammable Section 6: Accidental Release Measures Spill: Dilute with Washing Soap & Water and Regular mop up, or absorb with an inert dry material and place in an appropriate Waste Disposal Contain Section 7: Handling and Storage Precautions: Keep away from Heat & from sources of ignition. Ground all equipment containing material. Do not ingest. Keep Away From Eyes. Storage: Store in a segregated and approved area. Keep container in a cool, well-ventilated area. Away from heat & spark Keep Lightly closed contains Section 8: Exposure Controls/Personal Protection Engineering Controls: Provide exhaust ventilation or other engineering controls to keep the airborne concentrations of vapors below their respective threshold limit value. Ensure that eyewash stations and safety showers are proximal to the work-station location. Personal Protection: Splash goggles. Lab coat. Vapor respirator. Be sure to use an approved/certified respirator or equivalent gloves. Section 9: Physical and Chemical Properties Physical state and appearance: Brown, clear liquid Odor: Fresh Cardamom seed like aroma Taste: NA Boiling Point: >N/A Melting Point: -N/A Section 10: Stability and Reactivity Data Stability: The product is Stable. Corros	onic Health Effects: Not Available. CARCINOGENIC EFFECTS: Not available.		
Skin Contact: Wash with soap and water. Cover the irritated skin with an emollient. Get medical attention if irritation develops. Cold water may be us Inhalation: If inhaled, remove to fresh air. Get medical attention if any symptoms appear. Ingestion: Do NOT induce vomiting. Never give anything by mouth to an unconscious person. Get medical attention if symptoms appear. Section 5: Fire and Explosion Data Flash Points: CLOSED CUP: 85°C Fire Hazards: Flammable in presence of open flames and sparks, of heat. Non-flammable in presence of shocks. FIRE: Use DRY chemical powder / Sand. LARGE FIRE: Use foam, Water spray or Fog. Flammability of the Product: Not Flammable Section 6: Accidental Release Measures Spill: Dilute with Washing Soap & Water and Regular mop up, or absorb with an inert dry material and place in an appropriate Waste Disposal Contain Section 7: Handling and Storage Precautions: Keep away from Heat & from sources of ignition. Ground all equipment containing material. Do not ingest. Keep Away From Eyes. Storage: Store in a segregated and approved area. Keep container in a cool, well-ventilated area. Away from heat & spark Keep tightly closed containe Section 8: Exposure Controls/Personal Protection Engineering Controls: Provide exhaust ventilation or other engineering controls to keep the airborne concentrations of vapors below their respective threshold limit value. Ensure that eyewash stations and safety showers are proximal to the work-attain location. Personal Protection: Splash goggles. Lab coat. Vapor respirator. Be sure to use an approved/certified respirator or equivalent gloves. Section 9: Physical and Chemical Properties Physical state and appearance: Brown, clear liquid Odor: Fresh Cardamom seed like aroma Taste: NA Boiling Point: >N/A Melting Point: -N/A Section 10: Stability and Reactivity Data Stability: The product is Stable. Corrosivity: Non-corrosive in presence of glass. Special Remarks on Reactivity: Not Reactive. Special Remarks on Corrosivity: Not availab	Section 4 : Hazards Identification		
Inhalation: If inhaled, remove to fresh air. Get medical attention if any symptoms appear. Ingestion: Do NOT induce vomiting. Never give anything by mouth to an unconscious person. Get medical attention if symptoms appear. Section 5: Fire and Explosion Data Flash Points: CLOSED CUP: 85°C Fire Hazards: Flammable in presence of open flames and sparks, of heat. Non-flammable in presence of shocks. FIRE: Use DRY chemical powder / Sand. LARGE FIRE: Use foam, Water spray or Fog. Flammability of the Product: Not Flammable Section 6: Accidental Release Measures Spill: Dilute with Washing Soap & Water and Regular mop up, or absorb with an inert dry material and place in an appropriate Waste Disposal Contain Section 7: Handling and Storage Precautions: Keep away from Heat & from sources of ignition. Ground all equipment containing material. Do not ingest. Keep Away From Eyes. Storage: Store in a segregated and approved area. Keep container in a cool, well-ventilated area. Away from heat & spark Keep tightly closed contained Section 8: Exposure Controls/Personal Protection Engineering Controls: Provide exhaust ventilation or other engineering controls to keep the airborne concentrations of vapors below their respective threshold limit value. Ensure that eyewash stations and safety showers are proximal to the work-station location. Personal Protection: Splash goggles. Lab coat. Vapor respirator. Be sure to use an approved/certified respirator or equivalent gloves. Section 9: Physical and Chemical Properties Physical state and appearance: Brown, clear liquid. Odor: Fresh Cardamom seed like aroma Taste: NA Boilling Point: >N/A Melting Point: -N/A Section 10: Stability and Reactivity Data Stability: The product is Stable. Corrosivity: Non-corrosive in presence of glass. Special Remarks on Reactivity: Not Reactive. Special Remarks on Corrosivity: Not available. Polymerization: No. Section 11: Toxicological Information Routes of Entry: Ingestion. Toxicity to Animals: LD50: Not available. LC50: Not	In case of contact, immediately flush eyes with plenty of water for at least 15 minutes. Get medical attention if needed.		
Ingestion: Do NOT induce vomiting. Never give anything by mouth to an unconscious person. Get medical attention if symptoms appear. Section 5: Fire and Explosion Data Flash Points: CLOSED CUP: 85°C Fire Hazards: Flammable in presence of open flames and sparks, of heat. Non-flammable in presence of shocks. FIRE: Use DRY chemical powder / Sand. LARGE FIRE: Use foam, Water spray or Fog. Flammability of the Product: Not Flammable Section 6: Accidental Release Measures Spill: Dilute with Washing Soap & Water and Regular mop up, or absorb with an inert dry material and place in an appropriate Waste Disposal Contain Section 7: Handling and Storage Precautions: Keep away from Heat & from sources of ignition. Ground all equipment containing material. Do not ingest. Keep Away From Eyes. Storage: Store in a segregated and approved area. Keep container in a cool, well-ventilated area. Away from heat & spark Keep tightly closed container Section 8: Exposure Controls/Personal Protection Engineering Controls: Provide exhaust ventilation or other engineering controls to keep the airborne concentrations of vapors below their respective threshold limit value. Ensure that eyewash stations and safety showers are proximal to the work-station location. Personal Protection: Splash goggles. Lab coat. Vapor respirator. Be sure to use an approved/certified respirator or equivalent gloves. Section 9: Physical and Chemical Properties Physical state and appearance: Brown, clear liquid Odor: Fresh Cardamom seed like aroma Taste: NA Boiling Point: >N/A Melting Point: -N/A Section 10: Stability and Reactivity Data Stability: The product is Stable. Corrosivity: Non-corrosive in presence of glass. Special Remarks on Reactivity: Not Reactive. Special Remarks on Corrosivity: Not available. Polymerization: No. Section 11: Toxicological Information Routes of Entry: Ingestion. Toxicity to Animals: LD50: Not available. CS0: Not available. Toxic Effects on Humans: Hazardous in case of ingestion. Non hazardous in case o	: Wash with soap and water. Cover the irritated skin with an emollient. Get medical attention if irritation develops. Cold water n	iay be used.	
Flash Points: CLOSED CUP: 85°C Fire Hazards: Flammable in presence of open flames and sparks, of heat. Non-flammable in presence of shocks. FIRE: Use DRY chemical powder / Sand. LARGE FIRE: Use foam, Water spray or Fog. Flammability of the Product: Not Flammable Section 6: Accidental Release Measures Spill: Dilute with Washing Soap & Water and Regular mop up, or absorb with an inert dry material and place in an appropriate Waste Disposal Contains Section 7: Handling and Storage Precautions: Keep away from Heat & from sources of ignition. Ground all equipment containing material. Do not ingest. Keep Away From Eyes. Storage: Store in a segregated and approved area. Keep container in a cool, well-ventilated area. Away from heat & spark Keep tightly closed container Section 8: Exposure Controls/Personal Protection Engineering Controls: Provide exhaust ventilation or other engineering controls to keep the airborne concentrations of vapors below their respective threshold limit value. Ensure that eyewash stations and safety showers are proximal to the work-station location. Personal Protection: Splash goggles. Lab coat. Vapor respirator. Be sure to use an approved/certified respirator or equivalent gloves. Corrosivity: Non-corrosive in presence of glass. Special Remarks on Reactivity: Not Reactive. Special Remarks on Corrosivity: Not available. Polymerization: No. Section 11: Toxicological Information Routes of Entry: Ingestion. Toxicity to Animals: LD50: Not available. LC50: Not available. Toxic Effects on Humans: Hazardous in case of ingestion. Non hazardous in case of skin contact (irritant), of inhalation.	CLOSED CUP: 85°C		
Section 6: Accidental Release Measures • Spill: Dilute with Washing Soap & Water and Regular mop up, or absorb with an inert dry material and place in an appropriate Waste Disposal Contain Section 7: Handling and Storage • Precautions: Keep away from Heat & from sources of ignition. Ground all equipment containing material. Do not ingest. Keep Away From Eyes. • Storage: Store in a segregated and approved area. Keep container in a cool, well-ventilated area. Away from heat & spark Keep tightly closed container. Section 8: Exposure Controls/Personal Protection • Engineering Controls: Provide exhaust ventilation or other engineering controls to keep the airborne concentrations of vapors below their respective threshold limit value. Ensure that eyewash stations and safety showers are proximal to the work-station location. • Personal Protection: Splash goggles. Lab coat. Vapor respirator. Be sure to use an approved/certified respirator or equivalent gloves. Section 9: Physical and Chemical Properties • Physical state and appearance: Brown, clear liquid Odor: Fresh Cardamom seed like aroma • Taste: NA Boiling Point: >N/A Melting Point: -N/A Section 10: Stability and Reactivity Data • Stability: The product is Stable. Corrosivity: Non-corrosive in presence of glass. Special Remarks on Reactivity: Not Reactive. • Special Remarks on Corrosivity: Not available. Polymerization: No. Section 11: Toxicological Information • Routes of Entry: Ingestion. Toxicity to Animals: LD50: Not available. LC50: Not available. • Toxic Effects on Humans: Hazardous in case of ingestion. Non hazardous in case of skin contact (irritant), of inhalation.	: Flammable in presence of open flames and sparks, of heat. Non- flammable in presence of shocks.		
Section 6: Accidental Release Measures • Spill: Dilute with Washing Soap & Water and Regular mop up, or absorb with an inert dry material and place in an appropriate Waste Disposal Contain Section 7: Handling and Storage • Precautions: Keep away from Heat & from sources of ignition. Ground all equipment containing material. Do not ingest. Keep Away From Eyes. • Storage: Store in a segregated and approved area. Keep container in a cool, well-ventilated area. Away from heat & spark Keep tightly closed container. Section 8: Exposure Controls/Personal Protection • Engineering Controls: Provide exhaust ventilation or other engineering controls to keep the airborne concentrations of vapors below their respective threshold limit value. Ensure that eyewash stations and safety showers are proximal to the work-station location. • Personal Protection: Splash goggles. Lab coat. Vapor respirator. Be sure to use an approved/certified respirator or equivalent gloves. Section 9: Physical and Chemical Properties • Physical state and appearance: Brown, clear liquid Odor: Fresh Cardamom seed like aroma • Taste: NA Boiling Point: >N/A Melting Point: -N/A Section 10: Stability and Reactivity Data • Stability: The product is Stable.
